Address: Jalon,Alicante

Stunning New 5 Bedroom, 5 Bathroom Detached Villa on the outskirts of Jalon This particularly spacious, new villa built by the present owners and finished to a very high standard has a bright, open plan interior and is located on the outskirts of the village of Jalon. The property is completely passive having a solar installation, 10,000 litre water deposit and a septic tank for waste water. There are 2 lounge areas both with log burners and adjoining the two is a dining area with open plan fully-fitted kitchen with island and separate utility and laundry room. There are two bedrooms downstairs, one with an en-suite bathroom with 3 further bedrooms upstairs all with en-suite bathrooms and fitted wardrobes. The property benefits from UPV double glazing with vents; colonial style blinds, pre-installed cables for an alarm system and under floor heating throughout. The property sits on a flat, private plot within walking distance of Jalon and enjoys open valley views. Outside the property there are two patio / dining terraces, a large garden area, plunge pool with sunbathing terrace and a gravelled driveway with additional parking for several cars. The solar panels are located on the roof and to the rear of the property and provide sufficient power for this 5 bedroom villa. The traditional village of Jalon has all the amenities you would expect to find including a large supermarket, chemist, various restaurants and bars and of course the famous bodega where you can sample the local wines - rude not to!. There are also good local schools, including The Lady Elizabeth International School. A super property finished to a particularly high standard which would made a fantastic family home here in the beautiful Jalon Valley. Definitely one to add to your viewing schedule.
